Get Over Your Selfie

Presented by Jeanine K. Fitzgerald, The Fitzgerald Institute of Lifelong Learning

Thursday, August 13, 2020, 1:00 - 2:30 pm, $35

1.5 Continuing Education Units

According to research of the past three years, we are experiencing a disturbing national trend. It is the trend of increasing narcissistic entitlement complex, increasing anxiety and decreasing emotional and moral intelligence. In our work, we are living the outcomes of this trend in the numbers of individuals with mental health diagnoses, children with learning challenges, the impact of adverse childhood experiences on not only children, but adults of all ages. This workshop will uncover one critical component to a better vision.

Level: All Levels
Track: Family & Youth Populations
Format: Lecture/Interactive/Case Study

Jeanine is a Certified Human Behavior Consultant and Specialist, Author and Master Trainer. She has 42 years experience working with children, parents, and professionals to achieve more with those at risk. As a mother of three grown children, Jeanine understands the promise within every child. She is the Owner of the Fitzgerald Institute, a project-immersion, nature-based school and author of two books. Jeanine is recognized as a nationally approved trainer in the fields of disabilities, education and mental health.
